2.Proposed revisions to Recommendation M.93

EXCHANGE OF CONTACT POINT INFORMATION FOR THE MAINTENANCE OF INTERNATIONAL SERVICES AND THE INTERNATIONAL NETWORK

At the end of § 1 add:

"This Recommendation lists services for which information should be exchanged. The list is not exhaustive and administrations are asked to consider when intending to introduce a new service, what contact point information will be required."

Change the end of § 2.1 to read:

"leased circuits: exchange of information for changes in national numbering plans and circuit order of selection should be supplied."

Add the following § 2.3 and renumber the existing ones:

"2.3 Other international services

Contact point information, which should at least include information for fault reporting purposes, should be exchanged for the following international services:

- circuit-switched public data communication services;
- packet-switched public data communication services;
- public telegram service;
- Teletex service;
- telex service;
- public facsimile service (bureau and Telefax);
- store and forward facsimile switching service;
- phototelegraph service."
